

Departament	Echiba	Descriere activitate echipa	nr de locuri
Technology	Engineering - Core	Inginerie centrale de comutatie de circuite , pachete	2
Technology	Engineering - IP&Network Resilience	Inginerie retele IP-MPLS	2
Technology	Engineering - OSS Integration & Development	Dezvoltare tool-uri pt inginerie	1
Technology	Engineering - End to End Architecture	Controlul inginerie(end - to - end) in vederea imbunatatirilor performantelor serviciilor mobile	1
Technology	Engineering - Dev&Innovation	Inginerie tehnologii / servicii noi	2
Technology	Engineering - Dev&Innovation / Multimedia Service Group	Inginerie servicii cu valoare adaugata (multimedia)	2
Technology	Infrastructure Expansion - Radio Optimization Group	Optimizare performante radio a relelelor 2/3/4G	2
Technology	Infrastructure Expansion - RAN Engineering Group	Inginerie radio 2/3/4G	2
Technology	Infrastructure Expansion - Transmision Eng Group	Inginerie retele de transmisiuni	1
Technology	Infrastructure Expansion - Management	Management proiecte - implementare retea radio	1
Technology	Convergent Solution - Convergent Solution Factory	Controlul inginerie(end - to - end) in vederea imbunatatirilor performantelor serviciilor fixe	3
Technology	Convergent Solution - Convergent Solutions Delivery Cente	Management proiecte - implementare servicii fixe pentru clientii corporate	2
Technology	Convergent Solution - Customer Technical Support Service	Suport tehnic pentru clientii corporate	2
Technology	Service Quality Efficiency Management - Service Management Center	Identificarea si corectare problemelor recurente de calitate ce afecteaza calitatea serviciilor mobile; coordonarea proiectelor transversale ce tin de imbunatatirea calitatii serviciilor mobile	2
Technology	Service Quality Efficiency Management - Operational Performance	Raportare performante retea ; organizarea sistemului de managemnt al calitatii ; analize modele de cost per tehnologii / servicii	1

Technology	Operation and Maintenance - Help Desk	Supervizarea globala a serviciilor si retelelor asigurand functionarea continua in parametrii de calitate a serviciilor mobile oferite de companie	1
Technology	Operation and Maintenance - Network Operational Skill Centre Huawei	Laborator de teste pt tehnologia Huawei - radio acces	2
Technology	Operation and Maintenance - Network Operational Skill Centre Ericsson	Laborator de teste pt tehnologia Ericsson - centrale de comutatie de circuite	1
Technology	Operation and Maintenance - Access Operations	Operare si intretinere - retele de acces radio , retele de transmisii	2
Technology	Operation and Maintenance - IT Infrastructure Operations / Network Infrastructure	Operare si intretinere - centrale de comutatie de pachete , security, infrastructura IT	2
Technology	Operation and Maintenance - IT Infrastructure Operations / Data Repository	Administrare baze de date Oracle, SQLServer, PostgreSQL, Administrare Cloudera (BigData platform)	1
Technology	Operation and Maintenance - IT Infrastructure Operations / Office Infrastructure	Operare si intretinere sisteme de operare, intranet	1
Technology	Operation and Maintenance - IT Infrastructure Operations / Enterprise Infrastructure	Operare si intretinere platforme IT , masini virtuale , middleware	1
Technology	Operation and Maintenance - IT Infrastructure Operations / IT Architects	Dezvoltare , operare si intretinere - automatizari infrastructura IT	1
Technology	Operation and Maintenance - IT Services Operations / Customer Relationship Management & Online Operations	Operare si intretinere - aplicatii & baze de date comune diferitelor departamente ( tehnic, it , vanzari etc) - online	1
Technology	Operation and Maintenance - IT Services Operations / Customer Relationship Management & Online Operations	Operare si intretinere - aplicatii & baze de date comune diferitelor departamente ( tehnic, it , vanzari etc) - windows	1
Technology	Operation and Maintenance - IT Services Operations / Internal Customer Support	Operare si intretinere - aplicatii & baze de date comune diferitelor departamente ( tehnic, it , vanzari etc) - suport intern	1
Technology	Operation and Maintenance - IT Services Operations / Mediation System	Administrare aplicatii sub LINUX , dezvoltare scripturi de monitorizare, generare de rapoarte din Oracle	1
Technology	Operation and Maintenance - IT Services Operations / Busines Intelligence & Enterprise Resource Planning Operations	Supervizarea si administrarea aplicatiilor de Oracle Enterprise Business Suite	1
Technology	Operation and Maintenance - IT Services Operations / Busines Intelligence & Enterprise Resource Planning Operations	Supervizarea si administrarea platformei Data Warehouse si a sistemelor de raportare	1
IT	Busines Intelligence & Enterprise Resource Planning Unit - Enterprise Resource Planning	Implementare/automatizare procese companie	1

IT	Busines Intelligence & Enterprise Resource Planning Unit - Data Warehouse	Dezvoltare platforma Data Warehouse si a sistemelor de raportare	2
IT	Business Solutions Unit - Commercial Analysis	Analiza / definire solutii / inginerie solutii pentru aplicatiile solicitate de clientii interni ( vanzari, finaciar, tehnic ...)	2
IT	Billing And Convergent Services Unit - Billing	Dezvoltare / implementare aplicatii de taxare/facturare	1
IT	Billing And Convergent Services Unit - Billing And Convergent Services Unit	Dezvoltare / implementare aplicatii de taxare/facturare *	2
